Our Factory

With our large 1250 m² production center, we offer customized manufacturing and shipping of our products in terms of size, fabric, and accessories, according to our clients' needs, within a reduced timeframe.

Our Factory

Our products are carefully manufactured by our experienced technical team and staff, according to our clients' needs and demands. This process is carried out in accordance with ISO standards, using appropriate professional tools and equipment. Each product is then reviewed by our quality and control team according to quality standards and order details. After passing quality control, the product is carefully packaged and shipped.

Roller Blinds

It is a perfect option to add an elegant touch to your room and create a comfortable atmosphere.

Blackout Roller Blinds

Thanks to the texture of the special Blackout fabric, you can protect your spaces from harmful UV rays and provide total darkness in your rooms.

Sun Screen Roller Blinds

Clear view, thanks to its perforated texture, which allows light to filter through and provides unobstructed views from the inside while offering privacy from the outside.

Zebra Blinds

Thanks to their dual day and night functionality, they help create the right atmosphere at any time of the day.

Pleated Zebra Blinds

Blackout Zebra Blinds

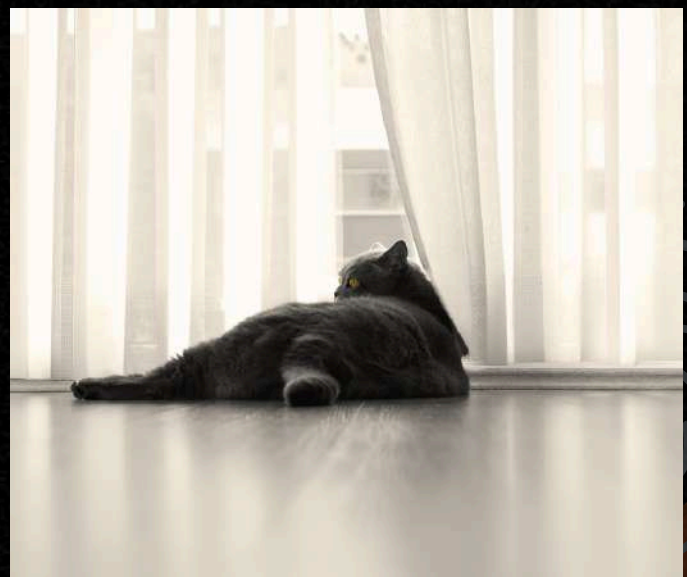

Thanks to their dual texture, combining zebra and opaque styles, you can enjoy the perfect blend of style and functionality.

Vertical Sheer

**A comfortable and elegant solution for your home.
This product, in particular, is pet-friendly.**

Vertical Blinds

Let the dance of light flood your vibrant spaces with various textures and fabric colors that can complement your decor.

Pleated Shades - 14 mm

Our 14mm pleated shades are the best solution for your glass curtains in terms of functionality and decoration.

Our shades are mounted on each glass panel, allowing the glass panels to move together with the shades.

Pleated Shades - 20 mm

Different operating systems can be used, such as a handle system or a cord system.

Pleated Shades - 20 mm

This system can be applied to windows and systems of various shapes.

Honeycomb (Cellular) Shades

Provides energy efficiency through thermal and acoustic insulation.

Skylight Shades

Adjust the light from your skylight with manual or motorized options.

Roman Shades

With Roman Shades, you can decorate your home with elegance and a sophisticated, modern style.

Venetian Blinds

It offers a more permanent, natural, and functional solution for your spaces. You can choose from different options including wood, faux wood, and aluminum.

Panel Blinds

You can make a difference in your spaces with our minimalist and modern Panel Blinds.

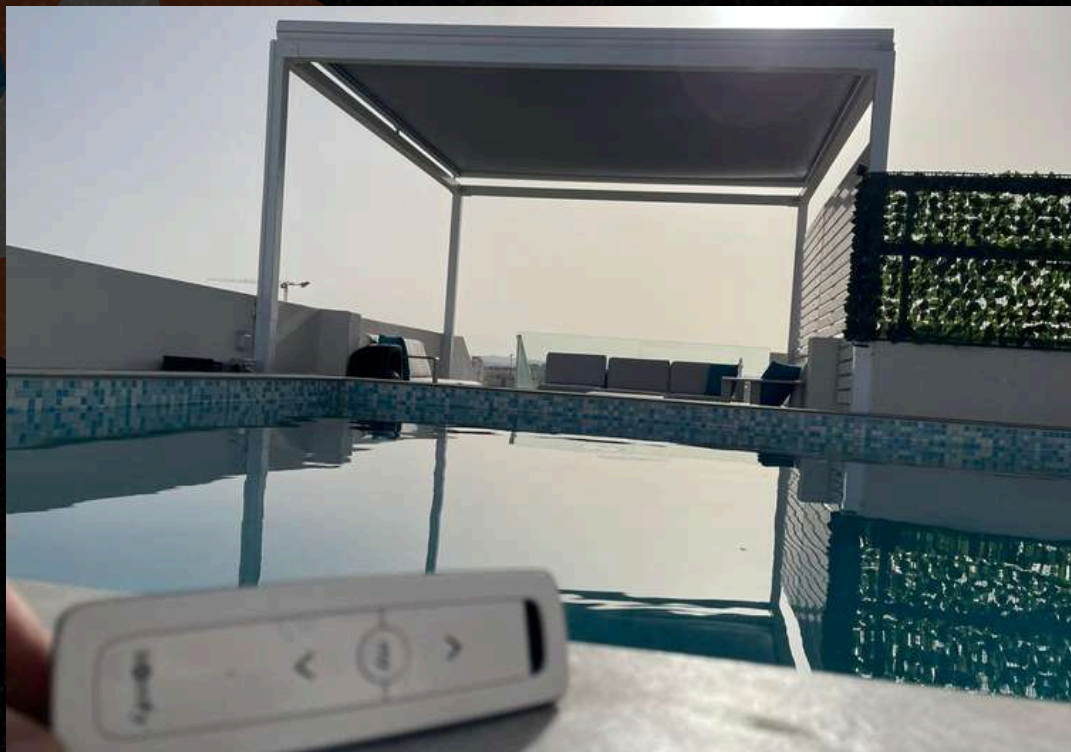

Zip Screen

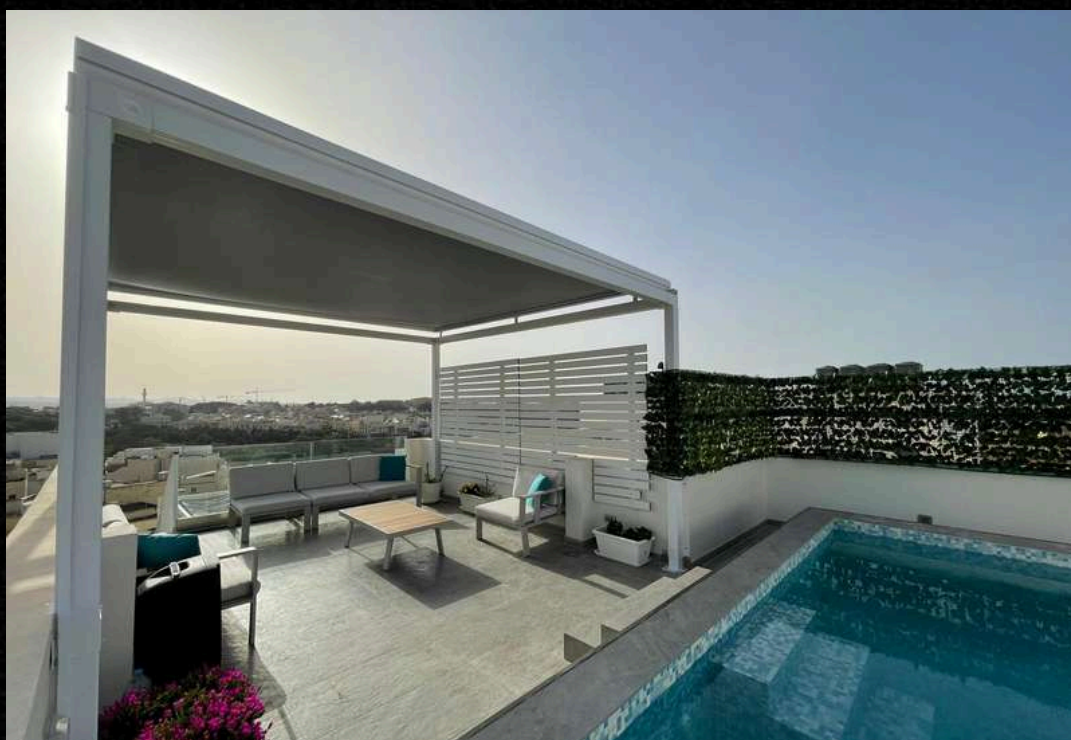

Resistance to environmental conditions and energy efficiency in perfect harmony.

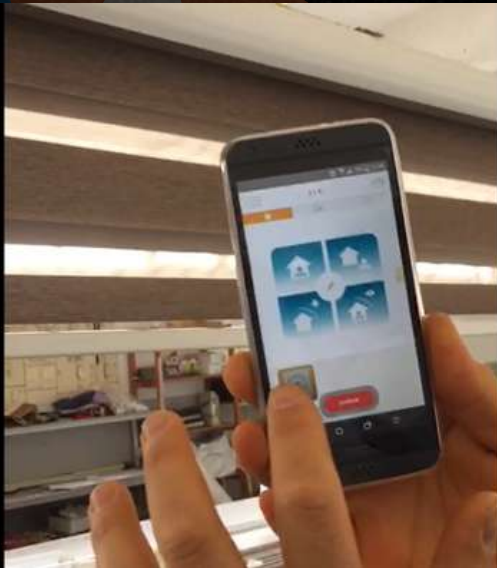

Zip Track Pergola

Enjoy your outdoor spaces with our motorized pergolas.

Motorized Systems

You can control your curtains even when you're not at home with our designs compatible with smart home systems.

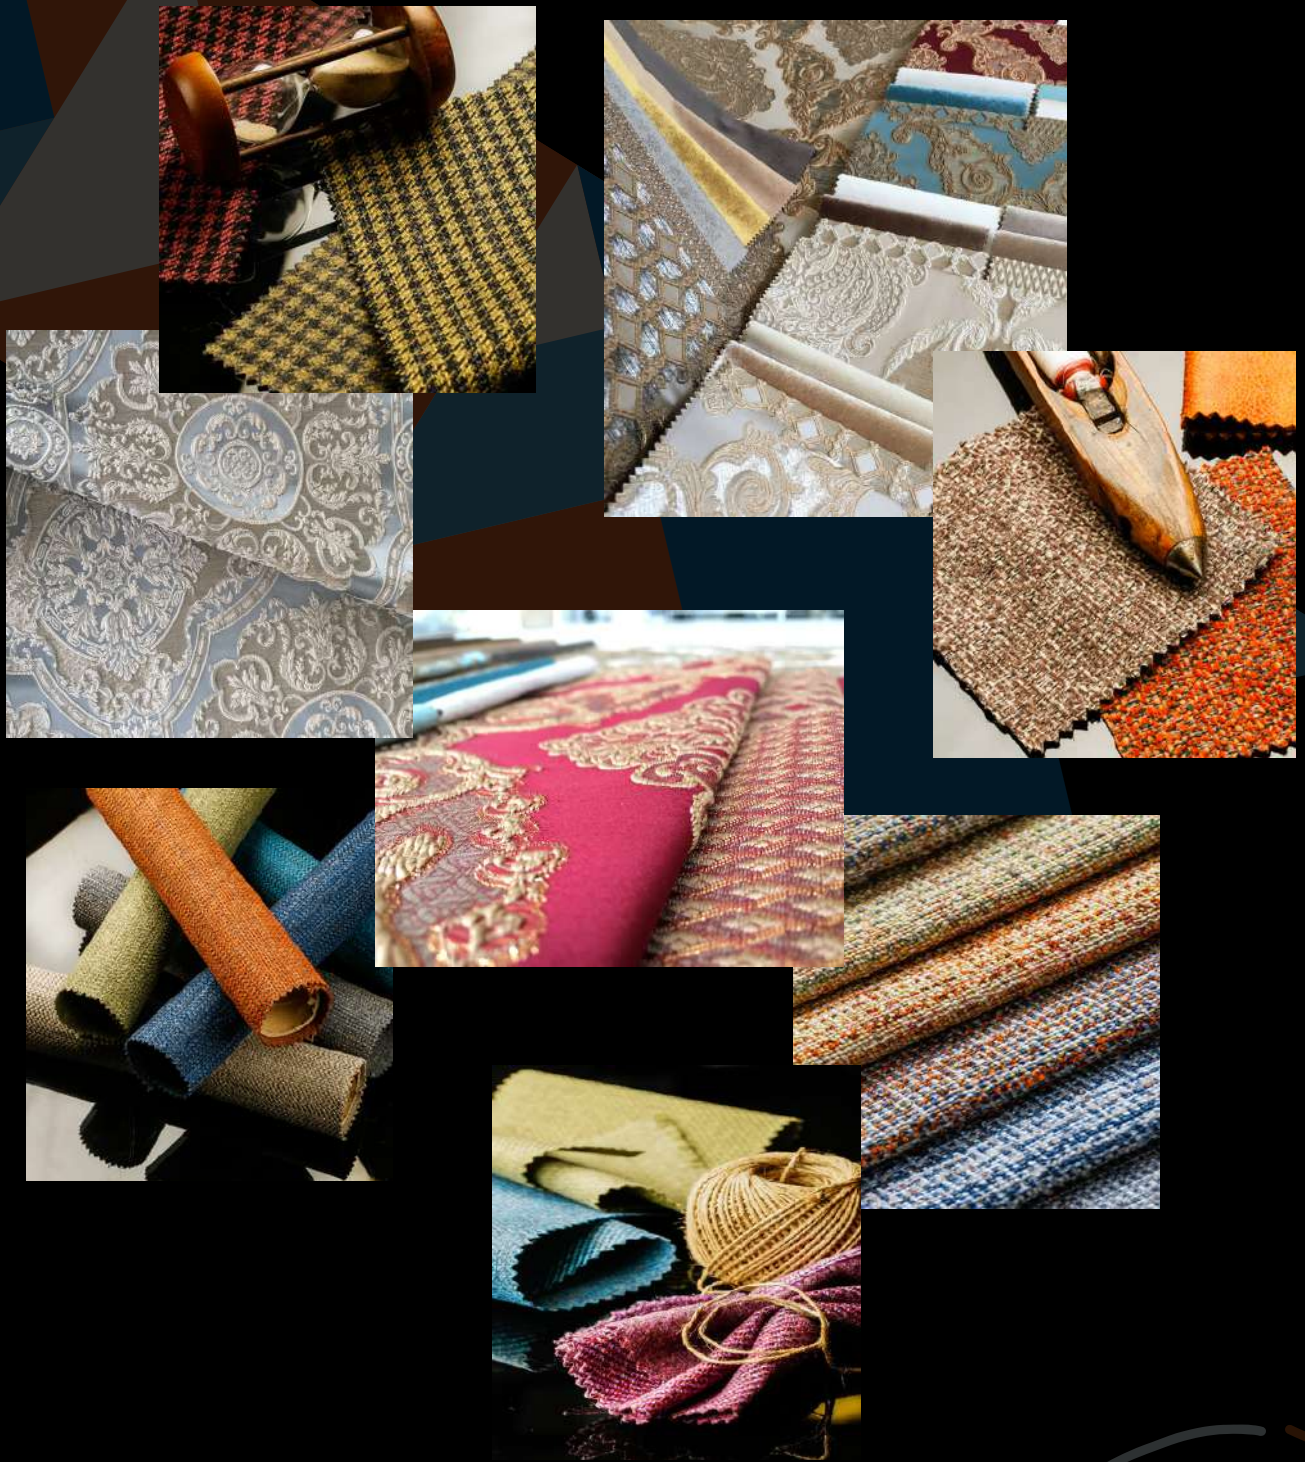

Custom UV Printing

We can print custom designs on your roller blinds, pleated shades and zebra blinds, making your projects look special and exclusive to you.

Upholstery Fabric Collection

You can contact us to get information about our rich upholstery fabric collection, which includes smooth and embroidered textures.

Upholstery Fabric Collection

Curtain Fabric Collection

Curtain Collection

We manufacture custom products with the fabric, texture, and color of your choice.

What Are the Advantages of Working with Us?

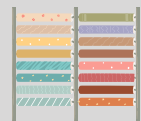

Advantages of Customization:

Thanks to our manufacturing expertise, we can offer custom designs with various fabrics, colors, textures, and more.

Continuous Assistance:

We provide ongoing support and are always ready to address your concerns regarding product installation or taking measurements before and after installation.

Production Efficiency:

Our production time is very fast, thanks to our large stock availability. Upon receiving an order, we start production immediately. Our approximate production time is 2-5 days for standard orders.

No Intermediaries:

We work directly with factory prices and do not use intermediaries, so you get high-quality products at competitive prices. If you need assistance with spare parts, you can contact us directly.

What Are the Advantages of Working with Us?

Logistical Assistance:

For the export process, we typically use FedEx Express due to its speed, and we work with various shipping methods, whether by sea or air, depending on your needs and the size of the product. Through FedEx Express, the shipping time is 3-4 days, and the shipping cost is quite affordable thanks to our long-term agreement and relationship with FedEx. FedEx delivers directly to your desired address, so you don't need to worry about picking up the product from other locations.

Information on Customs Clearance Process:

We are responsible for the shipping process to your door but not for any taxes or additional costs that may arise in your country. We charge and pay the shipping fee to FedEx on behalf of the customer, so we are responsible for the shipping. Based on our commercial experience in your country, customs procedures are usually quite swift.
